GENERAL DENTISTRY

November 30, 2018

To all my patients,

I would like to take this opportunity to thank you for your trust and confidence in permitting me to take care of your dental needs through the past years. It is with mixed emotions that Arlene and I are announcing our retirement effective the end of this year. Because I wanted to make certain you continue to receive the best possible care, I have carefully evaluated a number of candidates who were interested in assuming my practice. I have selected Dr Robert Gold whom I believe possesses the highest qualifications and is extremely skilled in all phases of dentistry.

Dr Gold is a graduate of New York University College of Dentistry. He did a dental practice residency at The Minneapolis VA Hospital. After his residency he practiced with his father, a dentist, (his grandfather was also a dentist) in NYC before coming to this area. Dr Gold has had his own practice in Croton for the past 11 yrs and is very excited to begin offering his services to you and your family. Dr Gold and his wife and family live in Sleepy Hollow.

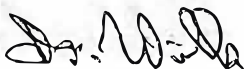

As an added bonus Theresa, your hygienist, will also be transferring to Dr Gold's office. By doing this, it will be Theresa who will be able to continue taking care of your hygiene care and needs.

I feel confident that Dr Gold will be able to offer you and your family the highest quality of dental care. Dr Gold's staff will be contacting you in the near future for your next regularly scheduled visit.

Your patient records will be transferred to Dr Gold's office at 2018 Albany Post Rd. Croton NY, just six minutes north of my office on Rt 9 . The office telephone number is 914-271-4726.

Arlene and I will miss you all very much. You have all become like family to us over the years but it is time for us to move on. I am hoping that you will like Dr Gold and I do know that you will all be in good hands.

Sincerely,

Dr. Robert Wilk
